

## **Heartfelt Appreciation for Lakewood Educators**

An Educator Appreciation Message from your Board of Education & Administration

Educators at Lakewood Public Schools are doing a great job preparing students! The Board of Education and administration extend a heartfelt “thank you” to our talented teachers who go the extra mile to teach our kids from their earliest moments of learning at Lakewood Early Childhood Center, through their elementary years, and finally to the arduous study at the secondary levels. Lakewood educators work together to provide an outstanding and meaningful academic experience designed to help all kids grow. They teach our students how to reflect on learning, to persevere, to be creative, and to be career and college ready. Through their passion to foster a love for learning, our students are provided meaningful academic opportunities that empower them and pave the way for a bright future. We are grateful that Lakewood educators develop students who are equipped to be problem solvers, critical thinkers, good listeners, and good communicators, who will lead the next generation.

We are so proud of our bus drivers, food service staff, teachers, classroom paraprofessionals, maintenance staff, administrators and countless other valuable staff members who contribute to the quality of overall school life for every child that passes through our doors. Lakewood educators make a difference in the lives of kids. If you happen to encounter a Lakewood teacher, thank them for the important work they do of educating children.
