**Non-Discrimination** The Lakewood Public School district prohibits discrimination and/or harassment in all programs and activities. This prohibition includes discrimination and/or harassment on the basis of age, race, creed, color, gender, national origin, cultural or economic background, height, weight, marital status, lack of English language skills, or disability.

Any person who believes that he or she has been unlawfully discriminated against or harassed may bring forward a complaint, which will be referred to as a grievance, to the local Civil Rights Coordinator at the following address:

Randall J Fleenor, Superintendent  
Lakewood Public Schools  
223 W. Broadway  
Woodland, MI 48897  
616-374-8043 fleenorr@lakewoodps.org

Board Policy 2260 prohibits harassment and discrimination and is available online and upon request.

**Sexual Harassment** The Lakewood Public Schools prohibits sexual harassment of students. Sexual harassment of students is not only illegal, it is disruptive of the educational process and interferes with this district's commitment to provide a stable learning environment to its students. All students, District staff and volunteers are expected to conduct themselves with respect for the dignity of others. The

Lakewood Public Schools, because of its desire to prevent and prohibit sexual harassment of its students, adopts this policy to give notice that sexual harassment of students is wrong and will not be tolerated by this District. This policy prohibits sexual harassments of students by District staff, District volunteers, students, or other members of the public at school or school activities.

**Section 2. Definition of Sexual Harassment**

Sexual harassment includes, but is not limited to, any unwelcome or unwanted sexual advances, requests for sexual favors, or other verbal, written or physical conduct of a sexual nature that is unwanted by or unwelcome to the student and/or has the purpose or effect of substantially interfering with a student's educational environment. Such conduct or communications are illegal and will subject students, employees, or District volunteers to appropriate corrective action, including discipline, when:

- a. submission to sexual harassing conduct or communications is made, either explicitly or implicitly, a term or condition of a student's receipt of educational benefits, aids, services, or participation in school activities;
- b. submission to or rejection of such conduct or communications by a student is used as the basis for academic decisions affecting that student; or
- c. such conduct or communication has the purpose or effect of substantially interfering with the student's education or creates an intimidating, hostile or offensive educational environment. Sexual harassment of students may take many forms. Examples of conduct prohibited by this policy include, but are not limited to, the following:
  1. verbal harassment or abuse of a sexual nature;
  2. pressure for sexual activity;
  3. repeated remarks with sexual or demeaning implications to students;
  4. unwelcome touching of a sexual nature;
  5. suggestions or demands of sexual involvement that are accompanied by implicit or explicit threats concerning a student's grades, graduation or other school related matters;
  6. sexual name calling, gestures, jokes and spreading sexual rumors about students;
  7. possession of pictures, magazines, or books of sexually suggestive content;
  8. display of pictures with sexually suggestive content.

**Section 3. Reports of Sexual Harassment**

The District encourages any student who believes he or she has been subjected to sexual harassment to report his/her concern directly to the building principal, guidance counselor, or other District representative designated to receive such complaints. A complaint procedure is described in Section 4. Complaints or reports of sexual harassment shall be handled as confidentially as possible. However, in certain circumstances, the District may be required by the Child Protection Law to report child sexual abuse to the Department of Social Services or designated law enforcement agency.

All reports or complaints of sexual harassment will be promptly investigated by appropriate District representatives. Any individual who violates this policy will be subject to appropriate corrective action,

including suspension or expulsion if the individual is a student, or termination from employment if an employee is involved.

**Section 4. Policy Implementation Procedures**

Any student who alleges sexual harassment by any Lakewood Public School employee, District volunteer, Lakewood student or other person should report directly to a building principal, guidance counselor, or other District representative who may be designated to receive such complaints. The District prohibits retaliation against students who file or make such complaints. Filing of a complaint or otherwise reporting sexual harassment will not reflect upon an individual's status nor will it affect a student's grades or work assignments. However, the District will take appropriate action if it finds that a student has deliberately filed a false complaint.

Should a guidance counselor or other person receive a complaint of sexual harassment, the complaint should be immediately reported to the appropriate building principal and the Superintendent. The principal or his/her designee shall promptly conduct an investigation and inform the Superintendent of the outcome.

**FERPA**  
**FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT**  
**ANNUAL NOTIFICATION OF RIGHTS AND**  
**DESIGNATION OF DIRECTORY INFORMATION**

**A. Notice of Rights** The Family Educational Rights and Privacy Act ("FERPA") affords parents, students over 18 years of age ("eligible students"), and parents of dependent students certain rights with respect to education records. Those rights include the following:

1. **Right to Inspect:** A parent or eligible student has the right to inspect and review the student's education records maintained by the district within 45 days of the district's receipt of a written request for access.

A parent or eligible student should submit to the school principal or assistant principal a written request that clearly identifies the record(s) he/she wishes to inspect. The principal or assistant principal will make arrangements for access and notify the parent or eligible student, in writing, of the time and place where the student's records may be inspected.

2. **Right to Request Amendment:** A parent or eligible student has the right to request the amendment of the student's education record(s) that are believed to be inaccurate or misleading.

A parent or eligible student may submit a written request for amendment to the school principal. This request should clearly identify the part of the record that the parent or eligible student wants changed and specify why it is inaccurate or misleading.

If the record is not amended as requested, the district shall notify the parent or eligible student of the decision in writing and shall advise him/her of his/her right to a hearing on the

request for amendment. Additional information on the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. **Right to Consent to Disclosure:** A parent or eligible student has the right to consent to disclosures of personally identifiable information contained in the student's education record, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district in an administrative, supervisory, academic or research, or support staff position, including law enforcement unit personnel and health staff; a person or company with whom the district has contracted to perform a special task, such as an attorney, auditor, medical consultant or therapist; a person serving on the school board; or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks. A school official has a legitimate educational interest if he/she needs to review an education record to fulfill his/her professional responsibilities.

Upon request, the district discloses education records without consent to officials of other schools in which students seek or intend to enroll. Disclosure without consent may be made in case of emergency as determined by the district or to report crimes occurring at school or involving the school or its personnel.

4. **Right to Complain:** A parent or eligible student has the right to file a timely complaint with the U.S. Department of Education concerning alleged failures by the district to comply with FERPA requirements. Complaints should be directed to:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, S.W.  
Washington, DC 20202-4605

5. **Parents Right To Know:** Lakewood Public Schools complies with the No Child Left Behind Act which gives the parents the right to request and receive information regarding the professional qualifications of their child's classroom teachers. This information may include the following:

- Whether a teacher has met state qualifications and licensing criteria for the grade and subject areas in which the teacher provides instruction.
- Whether the teacher is teaching under emergency or other provisional status through which state qualifications or licensing criteria have been waived. The Baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
- Whether the child is provided services by paraprofessionals and, if so, their qualifications. Any

parent interested in obtaining this information should contact Superintendent, 223 W. Broadway, Woodland, MI 48897

**B. Directory Information**

Under FERPA, the district is authorized to designate certain personally identifiable information contained in education records as "directory" information and to disclose such information without prior consent unless a student objects to such disclosure. The primary purpose of directory information is to allow the district to include this type of information from the student's education records in certain school publications. Examples include: A playbill, showing student's role in drama productions, yearbook, honor roll or other recognition lists, Graduation programs, sports activity sheets.

Directory information, which is information that is generally not considered harmful of an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition two federal laws require local educational agencies (LEAs) receiving assistance under the ESEA to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

The district designates the following personally identifiable information contained in a student's education record as directory information:

Name, address, telephone listing, electronic mail address, photograph, date and place of birth, date of attendance, major field of study, grade level, date of graduation, honors and awards, participation in officially recognized activities/sports, and weight/height of members of athletic teams

If you do not want Lakewood Public Schools to disclose directory information from your student's education records without your prior written consent, you must notify the District in writing by August 1 of each school year.

Written objections to the release of directory information should be submitted to:

*Lakewood High School  
Steve Williams, Principal  
7223 Velte Road  
Lake Odessa, MI 48849*

**C. Military Recruiting Representatives**

High school students and their parents/guardians may prevent disclosure of a student's name, address, and telephone number to military recruiting representatives (who can only use that information to provide information to students concerning

educational and career opportunities available in the U.S. Armed Forces or service academies) by submitting a signed written request to that effect to:

*Lakewood High School  
Steve Williams, Principal  
7223 Velte Road

## **EMERGENCY PROCEDURES**

### **Tornado and Severe Weather Instructions**

School will not be dismissed during tornado warnings. Buses will run at regularly scheduled dismissal times, weather permitting. Parents may pick up their children if desired and absenteeism will not be counted.

Two tornado drills are conducted per year. In case of tornado or a drill:

1. Remain in the classroom until instructed to do otherwise. The fire alarm system will not be used as a signal. Instructions are announced over the P.A.
2. Proceed to the nearest hallway.
3. The green arrows in the halls indicate the safest areas in the building. Stand or crouch covering head and face against the hallway wall between the green arrows.
4. Do not remain in the area indicated by red arrows.
5. Place the thickest book you have over your head for protection.
6. Do not talk while in the hall as it is possible that power may be out and oral instructions may be provided.
7. Students are not to be in the gym, auditorium, media center, or any of the music rooms. Students in the cafeteria are to go to the south wall. Students in room 56 & 58 are to go under tables in these rooms.

### **Fire Drills**

State law requires five fire drills per year. During a drill:

1. All students should leave the building in one minute or less through the nearest exit.
2. Walk briskly. Do not run or push the person ahead of you.
3. Leave everything in the room. Do not go to your locker.
4. Remain calm and do not talk while exiting. Panic causes more injuries than actual fires do.
5. After exiting the building, walk across all driveways and parking lots. Do not stand on driveways or between the buildings as these will be used for fire fighting equipment.
6. If you use a front exit, do not go onto the shoulder of the highway.
7. Doors and windows to all rooms are to be closed by the teacher or by the last person leaving the room.
8. The first person to reach the outside door holds the door open until everyone is out and then closes the door.
9. Promptly return to the building upon the sound of the all-clear bell.

### **Lockdown**

State Law requires all Michigan schools to conduct two lockdown drills per year.

**Inside Threat:**

- Definition: Intruder, active shooter, or threat inside of building
- Signal: Verbal announcement on P.A. "Inside Threat, Lockdown".
- Steps of Action:
  - \* Outside activities are moved to a safe location outside of building
  - \* Initiate Lockdown procedures
  - \* Remain in position until all clear and notified by law enforcement, fire, emergency manager, or principal unlocks doors.

**Outside Threat:**

- Definition: Imminent threat or intruder, active shooter, or threat outside of building
- Signal: Verbal announcement on P.A. "Outside Threat, Lockdown"
- Steps of Action:
  - \* Move students into building quickly, if unable, move to designated area away from building
  - \*Initiate lockdown procedures
  - \*Remain in position until all clear and notified by principal

**Shelter In Place:**

(At the discretion of Administration) Attendance will be checked every nine (9) weeks. Any student, who misses more than fifteen (15) days at the nine (9) week check, will not be eligible until the end of the semester. At the end of the semester any student missing more than fifteen (15) days will not be eligible for the first nine (9) weeks of the next semester. Absences start over at the beginning of each semester.

**Confirming an Absence** Every absence must be confirmed by a parent or guardian. Parents/guardians will have forty-eight (48) hours to confirm an absence. Whenever a student is absent from school, he/she should have the parent(s)/guardian(s) call the school's attendance office (616) 374-8868 on the day he/she is absent, between the hours of 7:00 a.m. and 2:45 p.m. Before or after school a parent may call the 24-hour attendance line at (616) 374-1210 to leave a message on the answering machine. Students are not allowed to call in for themselves regardless of age. Such acts will be referred to the discipline code. The school will attempt to contact the parent(s)/guardian(s) on the day of the absence to confirm the absence.

This will be done through the Honeywell automated system. The automated caller will call the homes of **all** students who are absent. If verbal confirmation is not obtained, a written note from the parent(s)/guardian(s) must be brought to the Attendance Office **immediately** upon the students return to school. Professional appointment verification **must** be verified with an original document within five (5) school days after the appointment. **After five days, the appointment will count as a regular absence and will not be accepted as excused.**

**Honeywell** Honeywell is an automated system that will call the home of students who were absent, on the day of the absence, that were not reported. If your child is accidentally marked absent in a class, it will be taken care of the next school day.

Parent/Guardians are responsible to make sure your contact information (telephone number and/or e-mail address) is correct and up to date. You may access Honeywell through the Lakewood Public Schools website at [www.lakewoodps.org](http://www.lakewoodps.org), and click on the Honeywell icon.

**Tardy Policy** A tardy occurs after the bell rings and up to three minutes late to class. An absence is being more than three minutes late to class or not present for the class. The second tardy in a class will be considered as an absence for that hour. One absence is counted for every two times tardy. Students who have excessive tardiness, will be sent to RTR for truancy. Second truancy will result in a one day suspension.

#### **Messages To Students**

Due to the lack of staffing, the office will deliver messages at 9:00 A.M. and 1:40 P.M. It is very important for parents to communicate with their student the night before or in the morning about rides, practice times, doctor's appt., etc. The office cannot guarantee that the student will receive the message if the call is received after 1:50 p.m.

#### **Professional Appointments or Signing Out Early**

If your student needs to leave school early a parent/guardian must call the office at 616-374-8868 or leave a message on the automated attendance line before 8:00 a.m. stating what time the student needs to leave and the reason for leaving. A written note from a parent excusing the student is also acceptable, but the student must bring the note to the office before school starts and receive an office pass to get out of class. The student is required to then come to the office and sign out.

**Text messages will not be accepted to excuse a student from school.**

**Make-Up Work** It is the responsibility of the student to make up any required work he/she has missed during his/her absence from school. Students are encouraged to use the Synergy program to get missing work, and have it completed when they return to school. If this is not possible, students should ask the teacher for makeup work the day the student returns to school. If absences are to exceed 5 days, the school

should be notified immediately so that a teacher/student agreement can be reached for the length of make-up time. If the notification or an agreement is not made, all make-up work will be completed upon the student's return.

Any student that misses a test will be required to make up the test(s) within 2 days. The student must make arrangements with the teacher. Students missing class for athletics, field trips, RTR visits, and/or in-school performances, are expected to turn in work when it is due. These absences are known in advance or are a result of classroom behavior, and will not be granted extra time.

#### **Homework Request**

If your student is absent for two days in a row, you may call into the main office and request homework. All homework requests must be made by 9:00 a.m. If the call is placed after 9:00 a.m., the school can not guarantee homework will be collected for your student. Homework can be picked up after 2:10 p.m.

**Homebound Instruction** Students, who meet the qualifications and will be absent for 5 or more consecutive days and have a doctor's note requesting homebound services, will be assigned a homebound teacher. Refusals of homebound instruction will lead to the expectation that homework will be current upon the student's return. Homework not completed may result in a zero. All students are required to take the final exam.

### **GRADES AND ACADEMICS**

**Schedule Changes** A student must have the permission of a parent/guardian and/or guidance counselor to change his/her schedule. All schedule changes must be done prior to the start of a term. Exceptions: Some changes (within four days) after the start of a term will be made **only** for one of the following reasons:

- Inappropriate academic placement
  - Improper grade-level placement
  - Vocational/Technical program adjustment
  - Approval of Independent Study
  - Approval for Dual Enrollment
1. All students must carry a full academic load. Special requests should be directed to the principal.
  2. A student can repeat a class with counselor permission in advance. Generally this occurs when the student's intent is to improve his/her skill, not to improve the grade she/he received. Both grades will show on the transcript.
  3. It is the student's responsibility to select and complete the required classes for a diploma. Counselors assist in this process.
  4. If a student fails a required course, it is the student's responsibility to contact the Guidance Office to reschedule that class. The "F" will permanently remain on the student's official transcript and will be calculated into the Grade Point Average.

Advanced Placement courses offer a national standardized test at the end of the year-long course that may earn college credit for students. **Students will only be granted a weighted GPA for AP courses if they complete the full-year course and take the AP exam.** Note: Virtual classes will not be granted a weighted GPA scale.

**Incompletes** An incomplete, which is not made up within two weeks of the end of the term, becomes a failure. The principal may grant special considerations.

**Disputing a Grade** The appeal must be submitted to the principal by the student, custodial parent, or guardian in writing within two weeks of grade reports being issued. Appeals made after the two week deadline will not be considered, and will become permanent grades.

(An S or U in classes that only give those two options). Students can receive an S or U for testing out, as long as the test out is prior to ever attending the class. Valedictorian and Salutatorian candidates may dual enroll, but the college-assessed grade must appear on their Lakewood High School report card and transcripts, and will be counted towards the GPA. Furthermore, the student must have achieved the recognition of Academic Excellence.

## ACADEMIC SUPPORT SERVICES

**National Honor Society (NHS) Tutors** Those requiring tutorial assistance for a shorter period of time or who prefer a peer tutor should pick up a request form at the Guidance Office for an NHS tutor. This program is NOT an alternative for those not maintaining a 2.0 for extracurricular eligibility.

**Career Preparation** The Career Preparation program assists students in transition from the school world to the work world, beginning in middle school and continuing into high school. High school students meet with guidance counselors to create a four-year plan with a Career Pathway for courses taken in high school. The plan can be altered over the year. All students receive classroom training in employability skills in sophomore Social Studies.

Other options for credit work beginning as a junior are:

- Technical programs at Eaton ISD Career Prep. Center/LCC.
- Work-Based Education.
- Resource room students, through the resource room teacher for work/study experience.

**Work-Based Learning** Requirement: Prior approval of the Work-Based Learning coordinator and counselor. All students must qualify through an Educational Development Plan (EDP). When a junior or senior finds a job related to a class in which they are enrolled, an on-the-job training program—Work-Based Learning—may be set up for the student to receive released time from school, class credit, and wages. Arrangements must be made with the Work-Based Learning coordinator **and the guidance office**. Juniors and seniors are limited to being released from school for up **to two (2) periods (maximum 1 credit per term)** a day and must carry an additional four (4) periods of other classes.

1. Any Work-Based Learning student who must serve time in the Responsible Thinking Room will complete the process before leaving for work.
2. Any student who does not receive credit for the semester for the related Career Technical Education vocational class will also not receive credit for Career Technical Education Work-Based Learning related to that class.
3. If a student drops a related vocational class, the student will also be removed from the Work-Based Learning job for any hours released

- during the school day and receive no credit for either Work-Based Learning class or the Work-Based Learning job.
4. Work-Based Learning students must take academic classes while on campus.
  5. Work-Based Learning students must maintain regular attendance in their academic school-based classes to be eligible to attend their Work-Based job. Credit will not be awarded to Work-Based students who fail to maintain regular school attendance.
  6. Work-Based Learning students are required to maintain and update a time sheet with the Work-Based coordinator on a weekly basis. Credit will not be awarded to Work-Based students who fail to accurately record hours worked on the time sheet.

### **EXTRACURRICULAR ACTIVITIES**

**Attendance Eligibility** Students may not participate in any extracurricular event if he/she has not been in attendance for all classes (entire scheduled school day) the day of the scheduled activity. For special circumstances such as a school sponsored activity, funeral, professional appointments including court appearances, the student must provide verification with an original document the day of competition. A student should receive permission from the athletic director or principal in advance of the day of the activity for any exceptions to be made.

**NCAA Requirements** Academic eligibility based upon grades and college placement score is necessary for students to participate in college athletics.

All prospective student athletes who intend to participate in Division I or II athletics as a freshman in college must register with and be certified by the NCAA Initial-Eligibility Clearinghouse.

NCAA does not accept classes that are tested out. Students must take and pass the actual course for NCAA.

*\* For more information — see your counselor and Athletic Director.*

#### **Extracurricular Eligibility**

A. To participate in any extracurricular activity, the student must have passed two and one half (2.5) credit hours (five (5) classes) the term before he/she wishes to participate. Eligibility checks will be made throughout the season. Dates are listed on the calendar.

B. A student must remain above the minimum available credits to graduate for his/her graduation class to remain academically eligible. If a student falls below the minimum requirements for their class, they will be ruled academically ineligible until they gain credit in enough courses to rise above the minimum available credits.

Procedure:

At grade check, if a student is failing one (1) or more classes the student will be contacted. Any student with two (2) failing grades will be

determined to be ineligible for competition, but may continue to practice. The ineligibility will take effect immediately and can only be reversed through a weekly progress report turned into the athletic office. These suspensions will run on a Monday to Sunday basis until the student can demonstrate passing grades in five (5) classes.

## **CODE OF CONDUCT**

### **Philosophy of Discipline**

A positive and respectful atmosphere on our campus contributes to the level and quality of learning that occurs.

The primary objective of Lakewood Public Schools is to assist each student to develop into a responsible, self-controlled individual willing to assume his/her role as a productive member of society. Students are responsible for their own conduct. An important aspect of this is respecting the rules and regulations that are established for the protection of the rights of all members of the school community.

The Board of Education is authorized by state law to make reasonable rules and regulations relative to whatsoever is deemed necessary and to impose discipline. These rules apply while in attendance at school or en route to and from school.

The discipline policy of Lakewood Public Schools is based on humanitarian principles and ideas and recognizes the dignity and worth of each student. When it is necessary to use corrective measures, the action taken is to be based on an understanding of the student and on sound principles. When a student's behavior presents a risk to his/her self or others, interferes with the rights of others, or becomes disruptive of the educational process, the administration must take corrective action through the Code of Conduct. The following rules are not intended to be all inclusive. Other offenses not listed may give rise to discipline. The school administrators have the authority to interpret and apply the code of conduct with various discipline based upon the severity of the offense and circumstances around the event. All teachers and staff members have the authority to enforce school rules and direct students.

### **Expectations of Students**

1. Respect and be courteous to others. Respect property of the school and others.
2. Attend school regularly.
3. Be punctual to school and class.
4. Comply with requests, instructions, and directions given by all school personnel, while on school premises and/or at all school sanctioned activities.
5. Complete assigned class work.
6. Come to class prepared and ready to work.
7. Follow proper appeal procedures when perceived unfairness and/or mistreatment occur.
8. Obey the laws of the State of Michigan.
9. Respect and follow the rules of our community.

The regulations apply while students are in school, on school grounds, at school-sponsored events, field trips, or en route to or from school, at Work-Based Education or vocational classes. Offenses are cumulative during the students' high school years. Students may be subject to emergency suspension if the student's presence poses an immediate and continuing danger to self, others or school personnel, or a substantial disruption to the educational process.

Some activities may be violations of civil or criminal law and could be subject to legal actions by law enforcement authorities against the student and/or parent.

It is impossible to list all the possible kinds of inappropriate behaviors for which students may be subject to discipline. The current list is examples of behaviors for which discipline will be taken.

### **DISCIPLINARY OR CORRECTIVE PROCEDURE**

Before discipline is imposed, due process will be afforded to the student. The extent of the due process applied depends upon the severity of the possible penalty. Minimally, a student will have oral or written notice of the charge and an opportunity to respond to the charge. Teachers have the authority to exclude the student temporarily from the class. The building administrators are authorized to institute suspension up to 10 days and to recommend expulsion. While on suspension or expelled, students may not be on school grounds or attend events without the building principal's prior approval.

**Responsible Thinking Process** The Responsible Thinking Process is central to Lakewood High School discipline. The Responsible Thinking Process is an effective way for reducing disruption while enhancing the student's ability to resolve problems through the creation of effective plans. These plans are primarily written by the student and negotiated with the staff member in charge of the area where the student was disruptive before the student returns to that area. Students are allowed a maximum of three (3) days to negotiate. Day one includes the day the student chooses to leave his/her class. If a student fails to negotiate with the faculty member, the student will be suspended. When a student chooses to leave a classroom or other supervised areas, they are to report directly to the Responsible Thinking Room (RTR). Failure to do so will result in immediate suspension from school. Once a student has been suspended for failure to negotiate, the student will have one (1) day to negotiate or be suspended for three (3) days.

Suspensions per visit to RTR:

4<sup>th</sup>/5<sup>th</sup> referral to RTR = 1 day

6<sup>th</sup>/7<sup>th</sup> referral to RTR = 3 days

8<sup>th</sup>/9<sup>th</sup> referral to RTR = 5 days

10<sup>th</sup> referral to RTR = 10 days

**Responsible Thinking Room Guidelines (RTR)** RTR will be operated with respect and consideration for others. The rules of the room will be visible and each student will be asked to sign an acknowledgment of these rules and follow those rules. Failure to follow the rules will result in immediate suspension from school. A parent meeting will be required

before the student may return to school. Any student suspended from school because of the RTR process will return to school through the RTR process.

**Suspensions** Removal from school up to ten (10) days.

1. The student shall be informed of the allegation which could result in discipline and shall have a right to tell his/her side of the story.
2. If the administrator suspends the student, he will notify the parent/guardian by phone or mail as soon as possible of the suspension, the reasons for it, and the steps for the student's return.
3. Meet with the parent or guardian and the student prior to the student's return to school.
4. If the parent/guardian is dissatisfied with a suspension of more than 5 days, they may appeal to the superintendent within 2 school days of the principal's decision.
5. Suspended or RTR students may also be placed on social probation.
6. Suspensions during the week of exams will be enforced the first week of the following term.

**Expulsion Procedures** Exclusion from school more than ten (10) days to permanent expulsion:

1. Written notice of charges against a student, time and place for hearing shall be mailed to the student's parent/guardian.
2. Parents or guardian and student may be present at the Board of Education hearing with legal counsel at his/her own expense.
3. The hearing may be held in public or closed session at the parent's request.
4. Students may question witnesses who appear at the hearing.
5. Students may offer testimony, witnesses and documents on their own behalf.
6. The Board's decision shall be based upon the evidence presented, based upon a majority vote.
7. The rules of evidence and of court proceedings do not apply.

**Social Probation:** Occurs when an administrator determines, based upon violation of school rules, that a student may not attend after school events for a specific amount of time. Students may only be at school during regular school hours. A fifteen (15) minute guideline will be in effect. This means no student on social probation may be at school no more than fifteen (15) minutes before or after school, unless under direct supervision of a staff member. A student involved in extra-curricular activities can only participate when directly supervised. The fifteen (15) minute rule applies to practice and game times.

Violation of social probation will result in suspension from school and lengthening of social probation.

**Intervention Teams** Consist of teachers, counselors, RTR and administrators, parent and student to establish a plan for student behavior and consequences.

## OFFENSES

**Alcohol or Non-Alcohol Malt Beverages:** Use, possession of, or being under the influence is forbidden. The odor of alcohol on a student's breath will be considered as use. The penalty may be reduced if the student seeks assessment or treatment for substance abuse.

### **ATHLETIC CODE OF CONDUCT** **FOR** **LAKESIDE HIGH SCHOOL STUDENTS**

**The athletic code is in effect during an athlete's entire career. Since the code is a part of the high school student handbook and all incoming students must sign that the handbook has been received, it is understood that the athletic code will go into effect upon the entrance of any student to the high school. This code is in effect for 365 days for the student's entire high school career.**

### **Athletic Mission Statement**

We believe that all students can benefit from athletics – from the participants to the spectators. Our mission is to provide students all possible opportunities to benefit from the positive outcomes provided by participation in athletics.

## **Athletic Philosophies**

### ***Player Philosophy***

Athletes, by their nature, concentrate on the development of specific skills to be utilized in competitive sports. Equally important to the development of the mental and physical skills needed to compete in a particular sport is the need for the development of positive social attitudes and interpersonal relations. The student who serves on a team that competes interscholastically represents him or herself, the family, the team, the school, and the Community. For this reason, conduct on and off the playing field should reflect the highest values and standards that the school exemplifies.

Lakewood athletes are students first and athletes second; and should plan and budget their time so their academic responsibilities are met.

### ***Athletics as a Privilege***

***It is a privilege to participate in athletics.*** When representing Lakewood Schools in athletic competition, the general appearance, dress, and conduct must be such as to bring credit to the athlete, the team, the school, and the community. Since it is a privilege to represent the school in athletics, the school must have the authority to revoke the privilege when student athletes do not meet the standards set forth. The responsibility of an athlete exists 365 days a year and is a reflection of the school and team. The conduct of athletes is always under observation.

**FIRST OFFENSE:** An athlete found violating the ethical/moral, hazing, internet, criminal acts, or training rules will be removed from their sport for a minimum of 25% of their athletic season. All game suspensions must be served consecutively. In the event that a violation occurs at the end of one sport season the penalty will be carried over into the next sport season in which the athlete participates. All penalties that are carried over to the next sport season will be adjusted to the percentage of games for that season.

**SUBSEQUENT OFFENSES:** For each subsequent offense, the athlete will lose eligibility that accumulates at a rate of 25% for each additional offense.

**NOTE:** It is not a violation of the code of conduct for a student to use or possess a prescription or patent drug when taken pursuant to legal prescription issued by a licensed physician or for which permission to use in the school has been granted pursuant to Board policy. A student shall notify his/her coach if he/she is taking a prescription medicine that could alter the student's behavior or affect the student's ability to participate in the activity.

A copy of these team rules will be on file in the Athletic Office. ### ***Suspensions and Participation***

Any student who is suspended due to a violation of the Student Code of Conduct or the Athletic Code of Conduct shall be ineligible to participate in practice or competition while serving their school suspension. An

### ***Disciplinary Process and Appeals***

A student-athlete who is found to be in violation of the Athletic Code of Conduct or team rules will be notified as soon as possible of the violation and any potential penalties. The student-athlete will be given the opportunity to appeal a suspension at the discretion of the Athletic Director. Any appeal will require the student-athlete to appear before a panel comprised of the Athletic Director, head coach of the sport, the Principal, and other members chosen by the Athletic Director.

### **Bullying and Other Aggressive Behavior Toward Students**

It is the policy of the District to provide a safe and nurturing educational environment for all of its students.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff or third parties, including Board members, parents, guests, contractors, vendors and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal and psychological abuse, including hazing, gestures, comments, threats or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect and refusing to tolerate harassment or bullying is expected of staff, third parties, including Board members, parents, guests, contractors, vendors and volunteers to provide positive examples for student behavior.

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

### **Notification**

Notice of this policy will be **annually** circulated to and posted in

conspicuous locations in all school buildings and departments within the District and discussed with students as well as incorporated into the teacher, student and parent/guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building. All employees will be required to annually review and sign off on this policy and the related complaint procedure.

Parents or legal guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, **confidentiality** will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

### **Implementation**

The superintendent is responsible to implement this policy and may develop further guidelines, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

### **Procedure**

Any student who believes she/he has been or is the victim of bullying, hazing or other aggressive behavior should immediately report the situation to the teacher, principal, assistant principal or counselor. The student may also report concerns to any building staff member who will be responsible for notifying the appropriate administrator. Complaints against the building Principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged and every staff member is required to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

The principal or designee shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the

circumstances permit and should be completed within three (3) school days after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for board members. Individuals may also be referred to law enforcement or other appropriate officials.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior as well as any remedial action taken, including disciplinary actions and referrals to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

#### **Non-Retaliatio**

**False Reports**  
Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegation of bullying or aggressive behavior (as a witness or otherwise) or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

#### **Prevention/Training**

The Superintendent shall establish a program or other initiatives involving school staff, students, clubs or other student groups, administrators, volunteers, parents, law enforcement, community members, and other stakeholders aimed at the prevention of bullying or other aggressive behavior.
