Safely transporting our most precious cargo

WE'VE GOT **BIG** NEWS [it's a game-changer for parents]
that's just how we roll.

PARENTS, WANT TO KNOW IF YOUR CHILD'S BUS IS ON-TIME?
WHEN IT WILL ARRIVE?

WE'VE GOT AN APP FOR THAT...AND IT'S FREE.

Versatrans My Stop App allows parents to view the current location and estimated time of arrival of a child's bus. Parents can use a mobile device, tablet or desktop to view this information through a web browser. My Stop also has an option to reflect what time the bus would be at the student's bus stop when there is an early dismissal scheduled or a weather delay.

HOW CAN I GET MY STOP?

1. Search VST MY STOP in the app store and download it today! See orange app icon to left.
2. Open the app. Search Lakewood Public Schools in the app. Select Lakewood Public Schools.
3. App will configure settings and then ask you to log in.
4. Use one of your child's school ID numbers – six digit – for the username **and** password. If you have multiple children in the school, use one of your children's ID numbers to view **all your children's locations**.
5. Once you login the app will configure and populate your child's location.
6. In the upper left-hand corner of the app is a drop-down menu. Simply select the child whose location you would like to know.
